BOOK SYNOPSIS

On the heels of his hugely successful Red Hot exhibition in London (successfully funded through Kickstarter), photographer and filmmaker Thomas Knights creates the ultimate bible for fans of hot ginger men. With a truly international feel, the book contains one hundred flame haired guys from all over the world, captured topless against the iconic vivid blue background now synonymous with the Red Hot brand. Not only is it pleasing to the eye, the book also holds a mirror up to current perceptions of male beauty. Now in a new format.
